RE: *Permit Modification with Public Notice*
Post Closure Land Use and Access Control Modification
Doty Sand Pit Venture Landfill
12000 Bissonnet Street
Houston, Harris County, Texas
TCEQ MSW Permit No. 1247

Dear Mr. Pederson:

SKA Consulting, L.P. (SKA), on behalf of Northwest Metro Holdings, CS 34, LLC. (permittee) has prepared the enclosed Texas Commission on Environmental Quality (TCEQ) Permit Modification to modify the post closure land use and change access controls authorized in the Municipal Solid Waste (MSW) Permit No. 1247 for the Doty Sand Pit Venture Landfill. The Doty Sand Pit Venture Landfill is a Type IV landfill which closed in 2000 and is currently within the post-closure care period.

A permit modification without notice, dated September 22, 2023, was previously submitted. On January 5, 2024, the TCEQ requested an additional Form TCEQ 20650 for a MSW No. 1247 permit modification with notice to address at least, "changes to post-closure use of a landfill in accordance with 30 TAC 330.957 during the post-closure care period" under 30 TAC 305.70(k)(12). The attached permit notification with notice application has been prepared to address TCEQ's comment and to request a change in access controls to allow the public to have access to developed portions of the landfill while undeveloped portions will remain fenced.

The attached permit modification with notice application will replace the September 22, 2023 permit modification in its entirety. A Post Closure Land Use and Access Control Plan is included to be utilized as an addendum to the MSW Permit to authorize a change in the post closure land use by 30 Texas Administrative (TAC) §305.70(k)(12) and to authorize a change in access control by 30 TAC §305.70(j)(13).

10. Description of the Revisions to the Facility

Provide a brief description of revisions to permit or registration conditions and supporting documents referred to by the permit or registration, and a reference to the specific provisions under which the modification or temporary authorization application is being made. Also, provide an explanation of why the modification or temporary authorization is needed:

The Doty Sand Pit Venture Landfill (MSW 1247) has an approved post closure land use as a golf course. This post closure land use is being modified to a mixed residential and commercial land use to be developed throughout the entire permit area. Residential land uses may include multi-family apartments and single-family detached homes. The commercial land uses may include retail, commercial and light industrial uses. This permit modification is being made under rule 30 TAC 305.70(k)(12). In addition, the access control is revised to maintain fencing around undeveloped portions of the landfill and to allow public access to developed portions of the landfill.

TCEQ MSW PERMIT NO. 1247 ADDENDUM

POST CLOSURE LAND USE AND ACCESS CONTROL PLAN

Post closure land use for the Doty Sand Pit Venture Landfill (MSW 1247) is planned for mixed residential and commercial land use to be developed throughout the entire permit area. Residential land uses may include multi-family apartments and single-family detached homes. The commercial land uses may include retail, commercial and light industrial uses. All developments will require an approved Development Permit under Subchapter T of 30 TAC §330. The previously approved post closure land use was for a golf course. This addendum supersedes previously approved post closure land uses in the Site Development Plan and/or Site Operating Plan. The Site Vicinity Map is depicted in **Figure 1**. The Surrounding Land Use Map is depicted in **Figure 2**.

Access control will be maintained for undeveloped portions of the landfill by a perimeter fence as depicted in **Figure 1**. As the landfill is developed, fences and gates will be maintained between the undeveloped portions of the landfill and the developed portion of the landfill. The public will be allowed access to developed portions of the landfill. As such fencing will not be maintained around the developed portions of the landfill except to prevent access to the undeveloped portions of the landfill. Perimeter fencing will be removed in areas that have been developed in accordance with an approved Development Plan under Subchapter T of 30 TAC §330. All fencing will be comprised of 6-foot (or greater) chain link or wooden fence. This addendum supersedes prior access control measure in the Site Operating Plan
